Career Summary

Full-Stack Developer with hands-on experience building responsive web applications using Java, Spring Boot, React, and Node.js. Skilled in developing RESTful APIs and integrating PostgreSQL and MongoDB databases. Proficient in version control and deployment using Git, Netlify, and Render. Eager to contribute technical skills to a dynamic engineering team.

Skills

- **Languages:** Java, JavaScript, HTML, CSS.
 - **Frameworks & Environments:** React, Spring Boot, Express.js, Node.js, Bootstrap, Material UI.
 - **Databases:** PostgreSQL, MySQL, MongoDB, MongoDB Atlas.
 - **APIs & Deployment:** RESTful APIs (CRUD), Netlify, Render.
 - **Tools & Version Control:** Git, GitHub, Maven, NPM, VS Code, Eclipse, PG Admin, MongoDB Compass.
-

Education

- **B. TECH - IT (Information Technology)** - 2016 – 2020
Panimalar Engineering College (Anna University - Chennai) - Tiruvallur, Tamil Nadu, India.
 - **HSLC** - 2015 - 2016
Velammal Matriculation Higher Secondary School - Ponneri, Tamil Nadu, India.
 - **SSLC** - 2013 - 2014
Velammal Matriculation Higher Secondary School - Ponneri, Tamil Nadu, India.
-

Projects

Petty Cash Management - Full Stack (MERN):

- **Frontend:** The frontend of the project is developed using Vite and React.js, Material UI for the component library, Axios for making HTTP requests, React Router DOM for navigation, Redux for state management, Chart.js for data visualization, and React Hot Toast for notifications.
 - **Backend with REST API:** The backend is built with Node.js and Express.js, utilizing environment variables managed by dotenv, JWT for authentication, MongoDB with Mongoose for database operations, Nodemailer for email functionalities, bcrypt for password hashing, CORS for handling cross-origin requests, Nodemon for development convenience, Multer for file uploads, and a RESTful API structure to communicate with the frontend.
 - **Project Scope:** The project aims to provide a simple and convenient solution for managing petty cash, allowing for efficient tracking, reporting, and management of cash transactions within an organization.
-

Certifications & Training

- **GUVI GEEK NETWORKS (IITM RESEARCH PARK):**
Full Stack Web Development in MERN.
- **NIRMAAN ORGANIZATION:**
Full Stack Web Development in JAVA.
